Promoting Parents Views

**Parents working together
to improve services
for children and young people
with
Special Educational Needs
and Disabilities
on the Isle of Wight**

What is Parents Voice?

Parents Voice is a voluntary group of parents/carers of children and young people with a wide range of special educational needs (SEN) and disabilities. Our purpose is to help shape changes to existing services and to participate in the planning of new and future initiatives for children and young people with SEN and disabilities.

If you have a child with a SEN/disability then Parents Voice would like you to share your experiences with us. As part of a national initiative to promote Parent Participation in the planning of services, we would like to be able to gather and represent the views of many more parents/carers on the Isle of Wight.

Parents Voice would like to invite all parents/carers of children with SEN and disabilities on the Island to join our register of parents who would like to help influence the services that you may need to access on behalf of your child.

We all need to have our voice heard

So please tell Parents Voice how you would prefer to take part in future consultations by using the attached questionnaire, or visit:

www.parentsvoice-iw.co.uk

If you need help filling in the questionnaire, or would like more information then please contact us.
